

GENERAL INFORMATION

Tuesday, October 4, 2016

The Exhibitor Area and Reception/Social activity will be arranged to provide maximum opportunity to interact with pharmacy students, faculty, staff, and administrators of the School of Pharmacy. It is our hope that the pharmacy students will be able to interact in a relaxed setting with organization representatives, receive promotional materials, and learn more about the available opportunities in the profession. The students invited to the reception will be members of the Classes of 2017, 2018, 2019, 2020, 2021, and 2022. All participants receive the Professional Awareness and Interview Days Profile Book, which provides information about the respective companies and organizations that are participating in the event.

Wednesday, October 5, 2016

This day is entirely reserved for 30-minute interviews. Students will be able to sign up in advance of the Professional Awareness and Interview Days for 30-minute slots. Sign-up sheets will also be available on the days of the event. Graduating students of the Class of 2017 will receive priority consideration with respect to interviewing. The Classes of 2018, 2019, and 2020 will be permitted to interview with organizations when they are not in academic classes.
